Performance and Portability

The **Dukane ImagePro™ 8046** is the perfect tool for the presenter on the go. At only 5 Lbs. the 8046 can be easily transported and stored in airplane overhead compartments. Brilliant image quality makes the 8046 ideal for displaying data images from a PC or MAC and video from a VCR or DVD player. The 8046 sets up in seconds and features easy operation for the "non-technical" presenter. The video quality is superb and it is HDTV compatible.

Featuring true 800 X 600 SVGA resolution (compressed XGA resolution) and 1400 lumens of brightness the **Image Pro 8046** is engineered to reproduce data with razor sharp accuracy and brilliant color imagery.

The 8046 gives the presenter the power to adapt to any environment. Featuring a high performance zoom lens with unique wide-angle capabilities the 8046 produces a large image at a short throw distance. This permits close to the screen operation in smaller rooms.

In addition, the 8046 has a super quiet fan that permits meetings to occur close to and around the projector.

The **Image Pro 8046** goes anywhere for powerful effective presentations, Classroom training and profes-sional meetings. Backed by Dukane's legendary service and warranty, the Image Pro 8046 offers outstanding performance, portability and value.
